March Meeting Content:

- The last day of the legislative session is slated for Monday, March 9, the same day as our meeting. By that date we will have a clear picture of what all will be involved in our remaining months of operation. As you will recall, Governor Freudenthal has indicated an interest in this Commission providing his office with ideas concerning a health policy organization. The WHCC staff will draft such a document and ask for your comment and input at the March meeting.
